IN READING MY BOOK, DO NOT STICK TOO CLOSELY TO THE LETTER OF MY WORDS, BUT READ THEM SIDE BY SIDE WITH THE NATURAL FACTS WHICH THEY DESCRIBE. YOU SHOULD ALSO FROM THE FIRST FIX YOUR EYES STEADILY ON THE OBJECT OF YOUR SEARCH, AND THE SCOPE AND AIM OF OUR WORK. IT IS MUCH WISER TO LEARN WITH YOUR MIND AND YOUR BRAIN FIRST THAN BY BITTER EXPERIENCE AFTERWARDS. THE OBJECT OF YOUR SEARCH SHOULD BE TO FIND A HIDDEN THING FROM WHICH, BY A MARVELLOUS ARTIFICE, THERE IS OBTAINED A LIQUID BY WHOSE MEANS GOLD IS DISSOLVED AS GENTLY AND NATURALLY AS ICE IS MELTED IN WARM WATER.

I WAS UNDER THE IMPRESSION THAT IN THE FIRST PART OF THIS WORK I HAD ALREADY GIVEN A LUCID ACCOUNT OF OUR WHOLE ART. BUT MY FRIENDS TELL ME THAT THERE IS ONE POINT WITH WHICH I HAVE NOT YET FULLY DEALT, AND VEHEMENTLY URGE ME TO WRITE THIS  
FOURTH TREATISE ABOUT SULPHUR.

## THE OVUM IS IN ERROR

Erato opposite as multiplication from ovum  
each known addition an Autumn Blue indulgence  
the truth became separate from Strength  
the multiplicity argues for error foretold  
Joshua dreamed of fallen spies and Red Ape darkness  
This Intellect Intelligible always substituting for Law  
a young man sent to us by Divine Witnesses  
one speaks that numbered speech like buried Testaments  
the Monad singing their grey Serpent song  
this error better murdered in its sleep  
the shoddy God from Alexandrinus pulled the spirit behind him....  
give the majority its due condemnation  
young Duality formed in the cold disorder of dissimilar negatives  
The murdered mouth had talked too much

notorious Day notable for its celebrated unhappiness

one Resurrection was not a comparable addition  
ancient Play produces spirit formed of parturient potency  
Genesis rests upon a pair of Egyptian pillars  
association with the Tempter always has characterised philosophers  
Eve accompanied by the weasel of Isis  
one contemptible Cupid inclined towards prophetic causes  
this quarrel between mouth and fist is contrasted to nature  
unity for faults and fallen apes...  
obscure Dyad should spite the Sirens  
benevolent neighbours buried under an opposite fate  
All philosophers destroy active History

## TEN.

four hypercosmic points of unclean fire  
celestial burn for things straight upward  
worse is not the inside badness  
no young soul be against material mind  
world enemies are uniting over incorporeal begetters  
the philosophy is above one single opposite  
the fight over what objects fell to earth  
those souls rejoice in foolish communion  
prior punishment uses milky triangles  
different body blunders exist with birth attribute  
Demeter is as an untrained animate Hera  
divine bodies ought to be ceasing from visible powers  
Thus all world essence can move contempt  
it must further the principle of irrational activities  
art is making instruments to hinder rational elements  
the beginning of unspeakable Providence is enemy intemperance  
and Athena shall burn for acts committed somewhere  
the bad sickness remains in the souls fire  
understand the aiming as generation of world judgments  
the foolish sins of awkward hymns...  
men's pleasure uses subjects in absurdity  
the binding nation is better off uncreated  
each proper cause is therefore intellectual and celestial  
we are upon the corpses of defeated Gods  
earth activities also surpass doctrines of imagination  
power is the hidden desire of mind seen as destruction  
the death of virtue casts myths in troubled light  
reason will punish the irrationally spoilt rulers of derived process  
deny or not, for trouble is many generated tyrannies...  
The equinox is that sacrificial orb never made  
thought must make twelve inferior treasures of different faulty prayers  
Each mind is stopped so the just can argue these divine details  
primary existence is itself a poor benefit paid by reckless Gods  
truth made veils that affected various rational things  
tripartite souls sense the unclean knowledge  
all Gods would fight Fate and return to the broader upward stages  
cowardice is the same as contempt if others are especially wicked  
engines stopped and sense neither in nor out  
men fall as stones that need fluid irrational things  
unspeakable mystic poems are all beginning to cut the mad soul teeth  
reject the spheres and this composed despondency called Moon  
sometimes these indestructible types are beyond the power of the Organization....  
Gods ceasing to change what comes and what goes  
since the psychic zeal began to run down....  
Thus help is a foolish hope  
And authority makes that evil milk  
which all things must drink.

chronic dream of darker resentment never comes with help  
rogue concept is psychic Revelations left to dropped future  
never as Chaos but the corpse is full of Empire's discharges  
this lying American whatever waiting for the pleasure of a dark pulpit  
double detritus left all saturated in tepid summed profit  
more blackfly qualities there to sense the language manipulation  
midnight Chaos of intoxicated Culture Physics comes as a living hydra

Conjunction lacks an authenticity  
generosity is for workday Denunciations  
grave suffering was archetypal anthropology  
festive devices more elegant as violence  
computer criterion of designer decadence  
problem technology as spirit salvation  
Poetry just junk and whimpering slogans  
murder in everything  
murder in everything  
normalcy for Grotesque mantra  
Greed resurrects that adapted democratization  
abstract energy travesties living off their illumination  
Native Eaters killed by Millenium heat  
stupidity stirs a humiliation imagery  
the blackshirts become taoist flowers  
gratuitous cultivation withering the ritualized Middle  
movements get privy to unqualified indigenous Nothing  
warm mutant additives still just backward ghosts  
jealously containing the embalmed quarks of a microcephalic Jubilee  
stars sweat in tamed cocoon hours  
the return of The Law for the little epicurean sickness  
like metaphor grown in airless boredom  
or death obsession travelling toward a hushed gentle Chaos
